

## Fletcher Elementary Reopening Guidelines

The changes in our lives due to the Covid-19 are many. Unfortunately, the impact of the virus continues to change the most basic aspects of how we live and reopen schools. Due to these factors, new procedures will be put in place until circumstances change. Please keep in mind this is an every changing situation and adjustments will be made as necessary.

### Parents and Visitors in the buildings

Parents will need to drop off students and stand with them outside. If student is dropped off, they must report to cafeteria for a temperature check before being allowed on the playground. Once the doors open, only students will be allowed into the building, unless the student is in Pre-K or Kindergarten will need to enter on the west end of the building and not through the main doors. Only one adult will be allowed to walk them to class. That adult will be required to wear a mask in the building. This will be allowed only through until August 27<sup>th</sup>. This will reduce crowding in our hallways. If a parent or other adult needs to go beyond the main office at any other time, they will need a temperature check , Covid screening questions and a mask before visiting any other part of the building.

### Assemblies, parties, and dances etc.

Until circumstances change, Wildcat Wrap-Up will be conducted over the intercom. We will not be handing out awards for perfect attendance due to the virus and its effect on attendance. Parties will be held with students and teachers only and dances and the carnival will be addressed when that time comes.

Snacks-snacks must be INDIVIDUALLY wrapped. So a package of cookies will not work if not wrapped individually.
